

PCG Intensive School in Physical Crystallography

18th – 21st June 2018, Cosener's House, Abingdon

From Phonons to Phase Transitions:

- ❖ Translational Symmetry and Reciprocal Space - *Mike Glazer, Oxford*
- ❖ Phonons and Soft Mode Phase Transitions – *Martin Dove, QMUL*
- ❖ Irreducible Representation Analysis – *Mark Senn, Warwick*
- ❖ Landau Theory – *Michael Carpenter, Cambridge*
- ❖ Modulated Crystal Structures – *John Claridge, Liverpool*

Registration is now open until the 12th of April 2018:
